Dear Premier Horgan,

The Canadian Home Builders' Association of British Columbia (CHBA BC), alongside its eight local associations and over 2,100 members, congratulate you and all members of the BC NDP on your historic victory in this year's provincial general election.

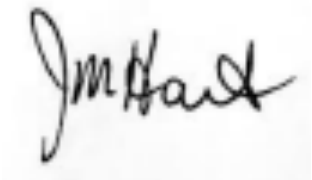
This election was unlike any other and so too are the challenges that lie ahead. While we wait for the official ballot count and forthcoming announcements you will make regarding your cabinet, ministry functions, and future priorities, CHBA BC wanted to take this opportunity to express our commitment to work in partnership with this government and deliver what matters most to British Columbia residents and businesses.

The need and importance of housing has only been underscored by the pandemic as our homes are where we found shelter to live, work, play and be safe. Leading up to the election, CHBA BC launched its #BChomebeliever campaign which provided British Columbians with the tool to ask local candidates and party leaders to pledge their support to building more homes and increasing affordability. The responses provided us with important data that will help us as we continue the dialogue on housing issues with this government.

Congratulations again and thank you for your leadership during these unprecedented times.

If you have any questions or would like to schedule a time to meet with CHBA BC, please contact Carmina Tupe, Director of Policy & Government Relations at carmina@chbabc.org.

Sincerely,



Neil Moody
