As an entrepreneur and a devoted father of two, he is committed to helping professionals & young families in achieving their goals through strategic planning in all areas of their personal finances. Clement graduated from the BCIT Financial Management Program in 2012 at the top of his program.

## **Danny Kerr**

Danny learned two important things as a young age: to work hard and be humble in everything he does. He has taken his life experiences and created his own business success that includes a successful painting business before he was 20 years old, and a leadership position for a franchise company where he improved sales from \$400,000 to \$1,300,000 in one year. Growing that business launched Danny's journey in developing companies, where he spent the next six years scaling businesses. Danny has since left the franchising world and opened horizons to all trades business owners seeking guidance through their growth stages.

## **David Innes**

David is a bilingual senior sales executive with over 25 years experience building international businesses from the ground up. He has successfully established and managed sales and customer service networks with a focus on profitability, resulting in rapid sales growth for new technology products in North America. David has spent most of his career in construction and construction related industries. He is Director of Sales for Radon Environmental Management Corp. and a C-NRPP-certified professional in both the measurement and mitigation of radon.

## **Hamid Heidarali**

Hamid Heidarali has worked as a building science consultant for over 14 years, which has provided him with valuable insight into building envelope issues and practical solutions. In addition to providing building science consultation, Hamid currently teaches building envelope courses at BCIT, and also presents to construction professionals on a regular basis.

Hamid holds the Professional Engineering designation in Ontario and British Columbia, a LEED Accredited Professional in Canada, and a certified Passive House Tradesperson through Germany. He received his Master of Engineering in Building Science and Construction Management, and his Bachelor of Science in Civil Engineering.

## **Karla Gonzalez, J.D., CL.J.D., M. Mus., B. Mus., Arb., Med**

Karla Gonzalez is a lawyer who holds a Juris Doctor in both civil and common law. She practices in the areas of labour and employment law, human rights, family and child protection law. Karla is also a mediator and an arbitrator. She has served as an arbitrator for the Review Panel of British Columbia under the mandate of the Mental Health Act. Karla teaches at BCIT and the University of Hawaii, and has taught at Simon Fraser University. Karla likes to use humour in her sessions and approaches teaching from a collaborative perspective making her classes very interactive and dynamic.

### **Katya Wilson**
