Hon. David Eby
Premier of British Columbia
Parliament Buildings
Victoria, B.C.
V8V 1X4

Dear Premier Eby,

The Canadian Home Builders' Association of British Columbia (CHBA BC) congratulates you on becoming the 37th Premier for B.C.! Under your leadership, we look forward to our continued collaboration to deliver what matters most to British Columbian residents and businesses.

CHBA BC, alongside our eight local associations and 2,200 members of the residential construction sector, has been encouraged by the immediate, promising action you have taken to create more housing through Bill 43 – Housing Supply Act. We also support the establishment of a standalone ministry dedicated to addressing our significant, complex housing issues. These are essential measures that could bolster housing production, but many more steps and consultation will be needed to ensure success.

Housing is vital to the province's future economic prosperity. CHBA BC and its members remain committed to being part of solutions that fulfill B.C.'s residential needs, while also balancing climate change and affordability goals.

We look forward to sharing our ideas on how to do this with the new Housing Minister as well as others within the B.C government. If you would like to schedule a time to hear our thoughts, please contact Carmina Tupe, Director of Policy & Government Relations at carmina@chbabc.org.

Thank you again for your continued efforts and we look forward to seeing what more we can accomplish soon.

Sincerely,

Neil Moody
Chief Executive Officer
